Learning objectives

- ↑ Understand the concepts, approaches, methods, and techniques used to implement a Business Continuity Management System
- ↑ Understand the basic elements of a Business Continuity Management System

Prerequisites

- ↑ None

Certification

- ↑ None

PECB Courses brought by Life Continuity

Are you keen to be part of professionals in various fields of ISO standards?

The PECB courses below organized by Life Continuity can help you increase your professional career development.

PECB Certified ISO 22301 Foundation

Become acquainted with the best practices of Business Continuity Management Systems (BCMS) based on ISO 22301

Why should you attend?

ISO 22301 Foundation training enables you to learn the basic elements to implement and manage a BCMS as specified in ISO 22301. During this training course, you will be able to understand the different modules of a BCMS, including BCMS policy, procedures, performance measurements, management commitment, internal audit, management review and continual improvement.

After completing this course, you can sit for the exam and apply for the “PECB Certified ISO 22301 Foundation” credential. A PECB Foundation Certificate shows that you have understood the fundamental methodologies, requirements, framework and management approach.
